

PREDICTABLE PLAY ROUTINES

Having a set play routine helps develop communication and play skills of toddlers.

**Play develops
cognition**

**Play facilitates
language**

**Play enhances
attention**

Directions: Outline your toddler's current play routine. What words do they use? Gestures? Do they follow a specific sequence?

About Kimberly Scanlon

I'm Kimberly Scanlon, a speech-language pathologist with over a decade of experience, an author of books to empower readers to facilitate language development, wife to a magnificent Renaissance man, and a mother of two adorable children. I'm also a coffee drinker, book reader, gratitude seeker, and collector of quotes. You'll see some of my favorites sprinkled throughout my books and this site. When I'm not working or writing or running my household or trying to stay organized or picking up crumbs and wrappers in the backseat of my car, I take a deep breath and pause for a moment. Life is good even with the bumps in the road.

"Change your thoughts and you
change your world."
- Norman Vincent Peale
